New Open Studio Furniture from Artograph

DATE: June 19, 2006

Artograph Introduces a Whole New Line of Studio Furniture

The NEW Open Studio Furniture from Artograph was designed and built to allow artists to stylishly organize their studios. Every cart and table offers the versatility of shelves that can also be assembled upside-down as trays. The furniture glides effortlessly on non-marring, lockable casters. Open Studio offers artists affordable alternatives to taborets, flat files, and tables currently on the market. Clean lines, bright white powder-coated finish accented by red wheels – all part of the Open Studio signature. Made of steel. Made to last.

Suggested Retail: 7 models ranging from \$199.95 to \$549.95
Call for availability.

Artograph is the manufacturer of a full-line of opaque art projectors, light boxes and spray booths. For more information on the new OPEN STUDIO FURNITURE or other Artograph products, please contact:
